

## CORPORATE SOCIAL RESPONSIBILITY

eVibha is committed to contribute to the society and working towards various non profit initiatives .

### **WOMEN HEALTH AND HYGIENE IN THE RURAL AREAS**

Setting up monthly health check up camps for women in the rural areas.  
Inviting people to visit our health camps and get free medication from us.

We would be distributing teenage girls and women from rural areas with reusable sanitary napkins. This reusable sanitary napkin is hygienically tested and no harm to the environment.

Installing Sanitary Napkin Burner equipment in various Free women hostels, Government Schools & Public Toilets etc.,

Providing diet supplements to malnourished pregnant women, teenage girls and aged women's who needs proper nutrition to stay healthy & fit.

Conduct various workshop to create awareness on Health & Hygiene.

Set up our own manufacturing unit in Rural areas and hire rural women which provides additional support to their family .

We are providing a valuable product or service that helps women with good hygiene and health. We also acknowledge that the creation and the consumption of our product or service does not have consequences on the environment and communities. We are looking at the behaviour and technologies we can adopt and invest to reduce our negative impact.

**CONCLUSION:** Creating a CSR report takes the effort of many to earn the trust of people. If our intentions are genuine, then people will be OK with our faults and flaws. This position yields a brand that is honest and has integrity.

Lets join hands in successfully accomplishing our mission !
